

TRACKING PERFORMANCE AND FOLLOW UP +++

Reach 10 Society will seek successful completion rate in the following kpi's;

A program will be deemed a success with participants reaching 70% of a program capacity offering, 75% of the participants successfully completing a Reach 10 program with at least 50% of the program participants stating they plan or they've successfully transferred their Reach 10 program experience into a current or new career, lifestyle and/or they've learned a new skill, and/or they've received new information in which they plan on implementing and acting upon. The below programs and activities will be measured on an on-going basis;

- I. Internship Programs
- II. Seminars, Camps and Symposiums
- III. Yearly Donor and Fundraising Goals
- IV. Board meetings and onsite programs
- V. Growth of Executive Board Members and Advisors
- VI. Scholarship impact

After each program a survey will be administered to monitor and track the effectiveness of each community or individual engagement. And on-going follow up communication with select participants will be conducted to measure and improve on our programs effectiveness and relatedness.

Results from each program and kpi's will be published in our annual report.
